

Europe's biggest mill stock of tubing and accessories!

We keep a stock of several thousand tons of tubing in different sizes, grades and connections. For most of them we also have wide range of **Pup Joints** available, so that you can get complete packages from one source!

Tubing with **extra long upsets** for up to **3 recuts** is also available ex stock!

Our stock, with covered and open stock area, is located in the Daun (Germany) at the heart of Europe. From here, we are able to deliver our stock materials worldwide in the shortest delays.

*Check the rear side
for an overview of our
stock materials!*

Our stock quantities can vary on a daily basis. Please contact our sales team for the latest info.
